TB-4 Quattro® Roof Tile

Visual effect of
50 roof tiles/m²
Patented model

Characteristics

Length: 44,2 cm.*
Width: 25,8 cm.*
Weight: 3,4 kg.*
Units / m²: 12,4 uds.*
Useful length: 38 cm.*
Units / pallet: 240

Type: Double lateral overlapping and double longitudinal overlapping.

Free lateral overlapping: placing at different angles and round areas.

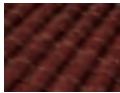

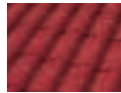

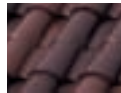

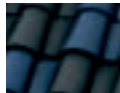

* Theoretic value: if the placing is with battens, it is necessary to calculate this measurement.

“Only your imagination is our limit”

| **YOUR PROJECT** |

Makes it possible the creation of new formats or finishes according to the professional's requirements.

| **NON-STANDARD COMBINATIONS** |

Makes it possible to freely combine all standard formats and finishes offered by Tejas Borja, according to the professional's requirements.

| **TECHNICAL CUSTOMIZED SOLUTIONS** |

Makes it possible to modify any type of standard piece or construct a specific type of roof.

| **RESTORATION AND RENOVATION** |

We accurately reproduce any type of old roof tile or special piece.

Steps to follow

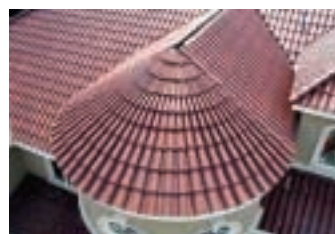

- The professional has specific need and he communicates it to us through the commercial department.
- Our department of I+D+I studies the viability of the project, and marks a delivery time and prepares a budget.
- The professional accepts the project and we start working on it.

Restoration.

Non-standard combinations.

Technical customized solution.

Samples services

www.tejasborja.es

Sales conditions

1.-contractual documents - orders

Our prices list, catalogues and other advertising or promotional documents are not considered as an offer.

We reserve the right to take away without preadvice a product of our prices list or catalogue, or the characteristics due to technical advances or modifications in the production.

Anyway, our customers will have the faculty to cancel the order if there where modifications that will change the characteristics that where arranged at the moment of the engagement.

All the orders implies the acceptance without reserves of all our sales conditions and prices list dispositions by the buyer, both could be modified only with written agreement by our side, also by written contrary stipulations that appear in the order or in the buying general conditions or in other commercial document.

The orders are only valid when they have a written acceptance. This acceptance implies the application of our general conditions and not authorise particular conditions coming from the buyer.

2.- delivery

Our products could be sold in Ex-Factory, C&F or F.O.B conditions in accordance with the Incoterms 1990 (C.C.I. publication Nr 460). The risks are transferred to the buyer when the merchandise is ready to be delivered.

If the prices are agreed in F.O.B. or C&F conditions, that means only that the prices enclose transport charges. The transport risks remain on buyer's charge.

The customer should revise the order at the moment of delivery on site, checking that the products received are according to the purchase order.

In case of non-correspondence of the merchandise caused by a problem of quality, quantity, all the complaints will be inadmissible if it is not made at the moment of the reception and confirm immediately in writing.

3.- delivery time

Our delivery time is given as an indication, without engagement from our side. The delays could give damage-interest to cause the cancellation of the order, unless there was a serious lack from our side. There will be not considered as fallible the delays caused of a force major and generally events independents of our will or serious as an epidemic, war, requisition, fire, flood, technical failure, waste of supplies made by a third, interruption or delay of the transport, a shortage of raw material, technical standstill in our factories or in our suppliers factories, total or partial strike from a third or in our establishment, lock out.

The non respect from the customer of our general conditions or terms of payment in a previous delivery, it is going to safeguard our enterprise to a non engagement taken already for a delivery.

4.- reception / tolerance

The qualitative reception is pronounced in our factories. The reception is made when the goods are charged.

The products are delivered with the tolerance of use.

Only in certains types of products object of opposing stipulations from our side in this point, the proper characteristics in raw materials going in manufacturing, not guarantee the shade uniformity in one colour or in a same fabrication.

5.- guarantee

Our responsibility could not be compromised for this reason.

We offer a 30 years guarantee. This guarantee must be sent by return courier to TEJAS BORJA, S.A. with the invoice and the delivery note of the litigious materials a three months maximum delay after the appearance of the defects.

The merchandise will be arranged or replaced. The pieces that will be replaced free of charge will be our ownership.

The reparations made under this guarantee could carry a delay prorogation. We are not responsible for the indirect damages caused by non application of our technical advice shown in our coverings manual. All the replacements made without our acceptance will exclude our responsibility.

6.- competence attribution

All the lawsuits will be arranged in Valencia's Court (Spain).

NOTE: For invoices issued in EUROS, we will proceed with the cents under the EURO law.

WARNING:

Our products should always be placed according to our specifications and the regulations in force, especially with respect to VENTILATION of both the cover and the bottom face of the tiles.

Tiles are a natural material. Because of this they should never be treated with any type of product that can reduce their ability to respond to adverse weather conditions.
